

Vrinda Khandelwal

Product Designer

+91 9468734804 · Gurgaon · vrinyk@gmail.com · [Portfolio](#) · [LinkedIn](#)

SUMMARY

Product Designer with 2 years of experience building user centered digital products in fintech and consumer credit. Track record of measurable outcomes: **conversion lifted from 8% to 10%** on the core payment journey, **40 minutes saved per case** on an internal advisor tool, and **300+ production screens** shipped across web app and native app. Strong in end to end product design, **0 to 1 design systems**, user research and cross functional collaboration. Currently sole product designer at FREED, India's first digital debt relief platform.

EXPERIENCE

Product Designer · FREED India Pvt. Ltd.

Feb 2025 – Present · Gurgaon

India's first digital debt relief platform · Sole product designer across 3 products · Web app and native iOS and Android · Partnering with 5 PMs and engineering

Discovery and User Research

- Conducted **100+ user interviews** and usability studies, synthesising findings into **journey maps, storyboards and personas** that shaped roadmap priorities
- Analysed **behavioural data and funnel drop offs** to locate exactly where users struggled, framing the problem before proposing a solution

Design and Delivery

- Designed **300+ production screens** across web app and native iOS and Android, from **wireframes** and **user flows** to **high fidelity prototypes**
- Redesigned the **internal CRM for sales reps**, replacing a sprawl of open tabs with a **modernised information architecture** that cut cognitive load and time spent per file, **saving 40 minutes per case**

Onboarding and Credit Journeys

- Optimised **signup and onboarding for conversion**, **A/B testing flow variants** and cutting steps at measured drop off points, then introduced **rewards and gamification post onboarding** to bring users back
- Designed **Credit Insights** as **7 segment specific journeys** with a **paywall flow from locked to unlocked state**, and a **distinct design system for each segment** built 0 to 1 in Figma

Conversion and Retention

- Drove **conversion from 8% to 10%** through UX redesign of the **settlement plan and payment journey**, directly impacting activation
- Ran **20+ experiments and usability studies** across acquisition, onboarding and activation, using event data to validate decisions before rollout

AI Workflows

- Use **Claude, Lovable and ElevenLabs** across ideation, research synthesis and rapid prototyping, compressing exploration cycles without losing craft

UX Designer · Creating Space.Studio

Sept 2024 – Feb 2025 · Remote

Architecture and lifestyle clients · Web and mobile

- Rebuilt an architecture firm's site around a new **information architecture** and added a booking flow.
- Designed a meditation app around the user's emotional journey, prototyped in **Figma**.

UI and UX Design Intern · Flabs, IIT Roorkee startup

Mar 2024 – Jun 2024 · Remote

- Redesigned the product website; ran **usability tests** and competitive analysis across 15+ products.

Design Intern and Freelance · Kreativ Street · Independent

Jun 2023 – Present · Remote

- Brand identity systems** for XIBMS and SNDT College; redesigned **Namdapha National Park's** site for the Govt. of Arunachal Pradesh.
